Steam cleaners

SC 1122

Details

Description

The Kärcher SC 1122 cleans completely without chemicals. The steam is coming out through the steam gun in dosed amounts . The SC 1122 can be used everywhere in the home: on floors, on hard surfaces, shower cubicles, on window surfaces, fittings and tiles. Even plain furniture surfaches are no problem for the SC 1122. The SC 1122 has a significant power advantage to the models SC 1002/1052. The water tank with a capacity of 1.2 l is heated with a heating power of 1400 W. It enables the SC 1122 to clean the whole household with very few interruptions. Because of a maximum pressure of 3.0 bar in the water tank, the SC 1122 has a very high steam discharge rate. Limescale, greasy deposits and other stubborn stains can be remove effectively in an environment friendly way. This steam cleaner also has the safety cap which can not be opened while there is pressure in the boiler - patented Kärcher security system. The design of the steam cleaner is attractive and enables a convenient using of the steam cleaner. The control elements are easy to understand. The SC 1122 has a very high quality and safety standard like all Kärcher steam cleaner.

Application

The Kärcher SC 1122 can be used everywhere in the home: - On hard surfaces - In the bathroom and toilet - On glass and mirrors - For textile care - Floor cleaning
